Canary
a.k.a. The Birdman

HELP US FIND THESE FISH!

We need your help to document these three rare juvenile rockfish~Yelloweye~Canary~Bocaccio~in the Puget Sound/San Juan Islands area. Here's how to help:

- ① When you spot these fish take a photo/video of them.
- ② Note your location and depth.
- ③ After the dive send an email to rockfishid@noaa.gov along with photo/video and info.

Not sure of the species? Take a photo and send to us anyway!

For more information: Adam Obaza (Adam.Obaza@noaa.gov/562-980-4044)

This effort is purely voluntary and not affiliated with the NOAA or WDFW dive programs.
